

Camí dels Termes

(from Montgó to el Cortal Nou)

The route starts in Cala Montgó. From the beach, heading inland, take Carrer dels Termes following the perimeter of the campsites; after Càmping Cala Montgó, cross over Carrer Punta Milà and walk along the path, following the green and white signposting. Cross over the old sand quarry and, still on Camí dels Termes, heading west, continue for some three and a half kilometres. You will come to El Cortal Nou farmhouse, the arrival point for this route. To return, go back along the same route.
